Mother Berenice Rice, O.S.U., Moderator
National Family Life Commission, NFOCS
College of New Rochelle
New Rochelle, New York

Dear Mother Berenice:

This short note is to express to you my congratulations to you and to the College of New Rochelle, as well as to the Family Life Commission staff, for the very fine work produced this year, as in the past. I was always proud to have this commission representing the Federation to so many people at our member schools and outside the NFOCS.

As I have told Kay Frances on more than one occasion, she and the commission were my one joy, since the other Social Action groups were still in the midst of many troubles. It is unfortunate that the other aspects of Social Action Affairs of the present are not received as well as Family Life; they are so important, also.

On so many occasions, Kay Frances mentioned your support or assistance for the staff. Hence, I did want to express our gratitude to you. I have particularly enjoyed working with this group and everyone at New Rochelle has every right to be proud of Kay Frances' and the commission's work.

Again, our gratitude and prayers for your intentions.

Respectfully in Mary,

Sharon Greene

Sharon Greene,
Vice-President in charge of
Social Action Affairs, NFOCS
